Items #1, 2, 3, 4, 8 and 10

Actual field measurements reflect a slight decrease from the original unit bid item.

Item #11

Actual field measurements reflect a slight increase from the original unit bid item.

Item #12

Due to the nature of the existing asphalt material, it was not necessary to use this item.

Items #14 and 15

Actual field measurements reflect a slight decrease from the original unit bid item.

Item #16

Actual field measurements reflect an increase from the original unit bid item.

Items #17, 18 and 19

Actual field measurements reflect a decrease from the original unit bid item.

Items #20 and 21

Actual field measurements reflect an increase from the original unit bid item.

Item #22

There was no fence replacement required on this project. Therefore, this quantity was not used.

Item #23

The existing concrete curb held up better than expected. Therefore, a large portion of the original bid quantity was not needed.

Items #24, 25, and 26

These items were not used under this contract.

Items #27 and 28

Actual field measurements during construction reflect an increase from the original unit bid item.

Item #29

The quantities originally estimated on change order #3 was too low. The quantity shown in this change order is reflective of field measured quantities.

Item #30

The quantity originally estimated on change order #3 was too high. The quantity shown in this change order is reflective of field measured quantities.

Item #31

The quantity originally estimated on change order #3 was too low. The quantity shown in this change order

Item #32

During construction, three trees were damaged extensively. They were located 1± feet behind the property line, but interfered with the operation of the backhoe. The engineer on the project then negotiated with the property owner to replace the trees if we would damage them.
